2 - PRINCIPALES MÉTHODES COMPTABLES

■ PRÉSENTATION DES ÉTATS FINANCIERS

Les états financiers de la SICAV sont établis conformément aux prescriptions réglementaires en vigueur au Luxembourg relatives aux organismes de placement collectif. Les états financiers sont établis selon le principe de la continuité de l'exploitation, sauf pour le compartiment AMUNDI MSCI WORLD ESG LEADERS SELECT.

Comme indiqué à la note 14, le compartiment a été liquidé après la fin de l'année. Les états financiers ont donc été établis selon le principe de la continuité de l'exploitation. L'application de la continuité de l'exploitation n'a pas entraîné d'importants ajustements de la valeur nette d'inventaire du compartiment.

■ POLITIQUE D'ÉVALUATION

■ Evaluation du Portefeuille-titres

Les valeurs mobilières et les instruments du marché monétaire admis à la cotation ou négociés sur un marché boursier ou négocié sur tout autre marché réglementé sont généralement valorisés au dernier cours du marché disponible le jour ouvré concerné. L'ensemble des titres russes ont été évalués à leur juste valeur, la valeur nulle ayant été retenue (voir note 14).

Les titres non cotés, ou les titres cotés dont le prix déterminé selon la méthode ci-dessus n'est pas représentatif de leur juste valeur de marché, sont valorisés de bonne foi selon une estimation prudente de leur prix de vente.

■ Evaluation des contrats de change à terme

Les contrats de change à terme (forwards de change) en cours sont évalués à la date de clôture en fonction du taux de change applicable à la durée de vie restante du contrat. La plus-value ou moins-value latente des contrats de change à terme est communiquée dans les comptes.

■ Evaluation des contrats "futures"

La SICAV a conclu une série de marchés à terme (« futures ») au cours de l'année. À la fin de l'année, les contrats en cours sont évalués à leur valeur liquidative nette sur la base du cours de clôture du marché boursier sur lequel ces contrats sont négociés. La variation des plus-values ou moins-values latentes est indiquée dans l'État des opérations et des variations de l'Actif net.

■ Evaluation des swaps

Les contrats d'échange de rendement total sont des contrats par lesquels l'une des parties cède à l'autre partie la performance totale d'un actif de référence, y compris tous les intérêts, revenus de commissions, gains ou pertes du marché et pertes de crédit. Les contrats d'échange de rendement total conclus par les compartiments prennent la forme de contrats d'échange non financés, c'est-à-dire de contrats d'échange n'impliquant aucun paiement initial à la conclusion du contrat par la partie qui reçoit le rendement total.

Les contrats d'échange sont évalués à la valeur nette actuelle de leurs flux de trésorerie. Les intérêts à recevoir sur contrats d'échange sont repris à la rubrique « A recevoir sur contrats swaps » de l'État de l'actif net, tandis que les intérêts à payer sur contrats d'échange sont repris à la rubrique « A payer sur contrats swaps » de l'État de l'actif net.

■ REVENUS DE DIVIDENDES ET D'INTÉRÊTS

Le revenu de dividende est enregistré à la date ex-dividende et hors retenue fiscale à la source; le revenu inclut également les montants de dividendes nets reçus des contreparties des titres prêtés. Le revenu des intérêts est enregistré selon la comptabilité d'engagement.

■ CONVERSION D'ÉLÉMENTS LIBELLES EN DEVICES ÉTRANGÈRES

Les dépôts bancaires, les autres actifs nets ainsi que la valeur des titres en portefeuille libellés dans des devises autres que la devise de référence du compartiment sont convertis dans la devise de référence du compartiment au taux de change en vigueur à la date de clôture. Les produits et charges libellés dans une devise autre que la devise de référence du compartiment sont convertis dans la devise de référence du compartiment sur la base des taux de change en vigueur à la date de comptabilisation.

Les états financiers combinés sont exprimés en euros (EUR) et son calculés en additionnant l'actif net de tous les compartiments.

■ PLUS-OU MOINS-VALUE NETTE RÉALISÉE SUR VENTE DE TITRES D'INVESTISSEMENT

La plus-value/(moins-value) nette réalisée sur la vente de titres d'investissement est déterminée sur la base du coût moyen des titres vendus. Pour les contrats de change à terme, la plus-value ou moins-value réalisée est calculée pour chaque contrat de change à terme. Dans le cas des marchés à terme (futures) financiers, le principe est « first in first out ». Les opérations de swaps sur actions sont calculées en prenant en considération aussi bien la partie flottante correspondant au taux d'intérêt des contrats que la partie flottante relative à la performance de l'action sous-jacente du contrat.

■ FRAIS DE TRANSACTIONS

Les frais de transaction incluent les frais découlant de l'encodage de chaque nouvelle opération (achat ou vente) par le service dédié de CACEIS Bank, Luxembourg Branch, les commissions de forex, les commissions des marchés boursiers et les frais de traitement relatifs aux opérations sur les titres en portefeuille et sur les contrats de change à terme. Les frais de transaction sont indiqués à la rubrique « Frais de transaction ».

■ PRETS ET EMPRUNTS DE TITRES

Dans les opérations de prêt et d'emprunt de titres, un prêteur transfère des titres ou des instruments à un emprunteur à la condition que cet emprunteur s'engage à rendre des titres ou instruments équivalents à une date future ou lorsque le prêteur en fait la demande. Dans le cadre d'opérations de ce type, un compartiment peut prêter des titres ou des instruments à n'importe quelle contrepartie soumise à des règles de surveillance prudentielle que la CSSF considère comme équivalentes à celles prescrites par la législation de l'UE.

Un compartiment peut prêter des titres en portefeuille directement ou par l'intermédiaire :

- d'un système de prêt standardisé organisé par une chambre de compensation reconnue ;
- d'un système de prêt organisé par une institution financière spécialisée dans les opérations de ce type.

L'emprunteur doit constituer une garantie valable pendant toute la durée du prêt et au moins égale à la valorisation totale des titres prêtés majorée de la valeur de toute décote jugée appropriée au vu de la qualité de la garantie.

Les éléments de revenus sur prêt de titres présentés dans l'état des opérations et des variations de l'actif net sont indiqués sur une base nette, soit le revenu brut après déduction des frais directs et indirects à proportion de 35 %. Le revenu brut et les frais sont enregistrés selon la comptabilité d'engagement. L'exécution des transactions EPM a été confiée à Amundi Intermediation et CACEIS Bank, Luxembourg Branch qui sont des parties liées.

2 - PRINCIPALES MÉTHODES COMPTABLES (suite)

■ POLITIQUE EN MATIÈRE DE DIVIDENDES (suite)

Les actions de distribution distribueront tout ou partie du revenu d'investissement net reçu par le compartiment concerné, et peuvent également distribuer des plus-values de capital (latentes et réalisées) ainsi que du capital. Lorsqu'un dividende est déclaré, la VNI de la catégorie concernée est réduite du montant du dividende.

Les dividendes peuvent être déclarés sur base annuelle, trimestrielle ou mensuelle, comme indiqué par le suffixe de la catégorie d'actions (QD, MD, YD). Ces actions fixent un montant de dividende cible communiqué par avance. Il s'agit d'un montant que le compartiment aspire à verser mais ne garantit pas. Les dividendes cibles peuvent être indiqués sous la forme d'un montant spécifique ou d'un pourcentage de la VNI. Pour pouvoir verser le montant du dividende cible, il peut arriver qu'un compartiment verse en dividende un montant supérieur au montant réellement gagné, ce qui signifie que les investisseurs récupèrent une partie de leur capital sous forme de dividende.

Pour de plus amples informations concernant le calendrier et les objectifs de dividendes, veuillez consulter amundi.com et/ou amundi.f.com.

Les catégories d'actions dépourvues de suffixe (QD, MD ou YD) déclarent un dividende annuel en novembre.

Des dividendes supplémentaires peuvent être déclarés sur décision du Conseil d'administration.

Les dividendes des actions de distribution sont réinvestis automatiquement ou versés selon les coordonnées bancaires en possession d'Amundi pour le compte des Actionnaires. Les dividendes de chaque catégorie d'actions sont payés dans la devise de la catégorie d'actions concernée. Les Actionnaires peuvent demander la conversion de leurs dividendes dans une devise différente. Si la devise demandée fait partie des devises acceptées par le compartiment, il n'y a typiquement pas de frais de change. Dans les autres cas, les Actionnaires se verront généralement facturer les frais de change en vigueur.

Les paiements de dividendes non réclamés sont restitués au compartiment au bout de cinq ans. Les dividendes sont payés uniquement sur les actions détenues à la date d'enregistrement.

Aucun compartiment n'effectuera de paiement de dividende si les actifs de la SICAV sont inférieurs aux exigences de fonds propres ou si le paiement de dividendes est susceptible de réduire le capital à un niveau inférieur aux exigences de fonds propres.

■ ABRÉVIATIONS

Dans les Portefeuille-Titres, XX XX/XXA fait référence aux Obligations perpétuelles.

3 - FRAIS DE GESTION ET FRAIS ADMINISTRATIFS

Amundi Luxembourg S.A. a droit à recevoir de la SICAV les commissions de gestion calculées pour chaque compartiment. Ces commissions sont calculées et acquises chaque Jour de négociation et payables trimestriellement à terme échu. Amundi Luxembourg S.A. est responsable du paiement des commissions aux gestionnaires d'investissement, aux prestataires de services et aux distributeurs.

La commission d'administration est une commission exprimée en pourcentage de la VNI des compartiments et des catégories d'actions, payable trimestriellement à terme échu à Amundi Luxembourg S.A. et calculée chaque jour.

Les taux de commissions de gestion et les frais administratifs appliqués au 30 septembre 2023 sont précisés ci-dessous :

12 - SWING PRICING

Les jours ouvrés où il estime que la négociation des actions d'un compartiment nécessitera des ventes ou des achats significatifs d'investissements du portefeuille, le Conseil d'administration peut ajuster la VNI du compartiment afin de refléter plus fidèlement les prix réels des transactions sous-jacentes sur la base des écarts de négociation estimés, des coûts et d'autres facteurs de marché et de négociation. De manière générale, la VNI sera ajustée à la hausse en cas de forte demande d'achats d'actions d'un compartiment et à la baisse en cas de forte demande de remboursements d'actions d'un compartiment. L'ajustement ne dépassera normalement pas 2 % de la VNI pour un jour ouvré donné, mais le Conseil d'administration peut augmenter cette limite si nécessaire pour protéger les intérêts des actionnaires.

En date du 30 septembre 2023, l'ajustement par swing pricing a été appliqué à certains compartiments. Les Valeurs nettes d'inventaire par action après application du swing pricing sont détaillées dans les Indications Financières.

Le facteur de swing est le montant par lequel la VNI est ajustée lorsque le processus de swing pricing est déclenché après le dépassement du seuil de swing par les souscriptions ou rachats nets. Les facteurs à prendre en considération pour fixer le facteur de swing sont notamment les commissions de courtage nettes payées par le compartiment et les charges fiscales (par ex. droit de timbre et taxe à la vente).

Pour l'exercice clos le 30 septembre 2023, les facteurs de swing maximums ont été appliqués aux compartiments suivants :

13 - RÈGLEMENT SUR LA PUBLICATION D'INFORMATIONS EN MATIÈRE DE DURABILITÉ DANS LE SECTEUR DES SERVICES FINANCIERS ("SFDR")

Des informations relatives aux caractéristiques environnementales et/ou sociales et/ou aux investissements durables sont présentées à la section « Règlement relatif à la publication d'informations en matière de finance durable » (non audité) et dans les annexes pertinentes, le cas échéant.

14 - EVALUATION DES TITRES RUSSES

En raison de l'invasion de l'Ukraine par la Russie le 24 février 2022 et de son impact sur les marchés et titres russes, le Conseil d'administration et la Société de Gestion ont décidé, à partir de fin février, d'examiner de façon continue et de valoriser à leur juste valeur les actions (y compris les ADR/GDR) et les obligations russes. La valorisation à la juste valeur tient compte des régimes de sanctions en vigueur et de leur impact sur la négociabilité et le processus de règlement des titres concernés.

Au moment de la rédaction du présent document, le processus de valorisation à la juste valeur de ces titres demeure en vigueur.

Un nombre limité de transactions effectuées sur ces titres, immédiatement avant l'invasion, sont restées non réglées à la clôture de l'exercice le 30/09. Les flux de trésorerie liés aux transactions non réglées ont été entièrement compensés par la suite.

Le Conseil d'administration et la Société de Gestion entreprennent des actions pour résoudre les problèmes dans l'intérêt du fonds et de ses actionnaires, en tenant compte de la nature sans précédent de la situation et continuent à surveiller l'évolution de la situation.

Vous trouverez ci-après la liste des titres russes qui ont été valorisés à leur juste valeur, la valeur nulle ayant été retenue au 30 septembre 2023, dans les compartiments suivants :

Fondement de l'opinion

Nous avons effectué notre audit en conformité avec le EU Regulation No 537/2014, la Loi du 23 juillet 2016 relative à la profession de l'audit (Loi du 23 juillet 2016) et les normes internationales d'audit (ISA) telles qu'adoptées pour le Luxembourg par la Commission de Surveillance du Secteur Financier (CSSF). Les responsabilités qui nous incombent en vertu de la Loi du 23 juillet 2016 et des ISA telles qu'adoptées pour le Luxembourg par la CSSF sont plus amplement décrites dans la section « Responsabilités du Réviseur d'entreprises agréé pour l'audit des états financiers » du présent rapport.

Nous estimons que les éléments probants que nous avons recueillis sont suffisants et appropriés pour fonder notre opinion d'audit.

Nous sommes indépendants du Fonds conformément au code de déontologie des professionnels comptables du conseil des normes internationales de déontologie comptable (le code de l'IESBA) tel qu'adopté pour le Luxembourg par la CSSF ainsi qu'aux règles de déontologie qui s'appliquent à l'audit des états financiers et nous nous sommes acquittés des autres responsabilités qui nous incombent selon ces règles.

Points d'audit majeurs

Les points d'audit majeurs sont ceux qui, selon notre appréciation de professionnels, ont été les plus pertinents dans la révision des états financiers pour la période courante. Ces points ont été traités dans le contexte de notre audit des états financiers dans leur ensemble et dans la formation de notre opinion à cet égard et nous ne formulons pas d'opinion distincte sur ces points.

Points d'audit majeurs	Traitement des points d'audit majeurs dans le cadre de notre audit
<p><i>Évaluation des swaps OTC</i></p> <p>Dans le cadre de leur stratégie d'investissement, certains compartiments d'Amundi Index Solutions utilisent des swaps de gré à gré (OTC) pour reproduire la performance des indices.</p> <p>La valorisation de ces investissements est considérée comme un point d'audit majeur compte tenu du risque potentiel d'anomalie significative.</p> <p>Se reporter à la Note 2 des états financiers concernant la procédure d'évaluation de ces instruments.</p>	<p>Par le biais d'observations, d'examens et de tests, nous avons compris l'environnement de contrôle et l'efficacité opérationnelle des contrôles clés relatifs à la valorisation des swaps OTC (swaps de rendement total) au niveau de l'Agent administratif du Fonds selon le rapport de contrôle ISAE 3402. Par ailleurs, nous avons appréhendé les contrôles clés du processus d'évaluation mis en place par la Société de gestion.</p> <p>Nous avons conduit une évaluation indépendante de tous les swaps de rendement total détenus par le Fonds au 30 septembre 2023.</p> <p>Nous avons établi une fourchette indépendante de valeurs acceptables sur la base de modèles à l'appui de méthodes reconnues, de la prise en compte des conditions principales des contrats et des données de marché observables.</p> <p>Par ailleurs, pour tous les swaps OTC, nous avons comparé la valeur de ces dérivés à la contre-évaluation réalisée par la Société de gestion du Fonds.</p>
<p><i>Existence de swaps OTC</i></p> <p>La valorisation de ces actifs est considérée comme un point d'audit majeur compte tenu du risque potentiel d'anomalie significative combiné au risque inhérent supérieur dont sont assortis les actifs qui ne peuvent pas être détenus par la Banque dépositaire.</p>	<p>Nous avons appréhendé l'environnement de contrôle et l'efficacité opérationnelle des contrôles clés relatifs à l'autorisation, l'exhaustivité et l'exactitude des transactions sur swaps OTC, ainsi que le processus de rapprochement en place pour ces instruments chez l'administrateur du Fonds.</p> <p>Nous avons obtenu de la Banque dépositaire la confirmation de la propriété par le Fonds de tous les instruments swaps OTC. Nous avons validé toutes les positions en vertu de la confirmation par la banque dépositaire par rapport aux registres comptables du Fonds.</p>

Autres informations

La responsabilité des autres informations incombe au Conseil d'Administration du Fonds. Les autres informations se composent des informations présentées dans le rapport annuel mais ne comprennent pas les états financiers et notre rapport d'audit sur ces états financiers.

Notre opinion sur les états financiers ne s'étend pas aux autres informations et nous n'exprimons aucune forme d'assurance sur ces informations.

En ce qui concerne notre audit des états financiers, notre responsabilité consiste à lire les autres informations et, ce faisant, à apprécier s'il existe une incohérence significative entre celles-ci et les états financiers ou la connaissance que nous avons acquise au cours de l'audit, ou encore si les autres informations semblent autrement comporter une anomalie significative. Si, à la lumière des travaux que nous avons effectués, nous concluons à la présence d'une anomalie significative dans les autres informations, nous sommes tenus de signaler ce fait. Nous n'avons rien à signaler à cet égard.

Responsabilités du Conseil d'Administration du Fonds pour les états financiers

Le Conseil d'Administration du Fonds est responsable de l'établissement et de la présentation sincère de ces états financiers, conformément aux prescriptions légales et réglementaires relatives à l'établissement et la présentation des états financiers en vigueur au Luxembourg ainsi que du contrôle interne qu'il considère comme nécessaire pour permettre l'établissement d'états financiers ne comportant pas d'anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs.

Lors de l'établissement des états financiers, c'est au Conseil d'Administration du Fonds qu'il incombe d'évaluer la capacité du Fonds à poursuivre son exploitation, de communiquer, le cas échéant, les questions relatives à la continuité de l'exploitation et d'appliquer le principe comptable de continuité d'exploitation, sauf si le Conseil d'Administration du Fonds a l'intention de liquider le Fonds ou de cesser son activité, ou si aucune autre solution réaliste ne s'offre à lui.

Responsabilités du Réviseur d'entreprises agréé pour l'audit des états financiers

Les objectifs de notre audit sont d'obtenir l'assurance raisonnable que les états financiers pris dans leur ensemble ne comportent pas d'anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs, et de délivrer un rapport d'audit contenant notre opinion. L'assurance raisonnable correspond à un niveau élevé d'assurance, qui ne garantit toutefois pas qu'un audit réalisé conformément à la Loi du 23 juillet 2016 et aux ISA telles qu'adoptées pour le Luxembourg par la CSSF permettra toujours de détecter toute anomalie significative qui pourrait exister. Les anomalies peuvent provenir de fraudes ou résulter d'erreurs et elles sont considérées comme significatives lorsqu'il est raisonnable de s'attendre à ce que, individuellement ou collectivement, elles puissent influencer sur les décisions économiques que les utilisateurs des états financiers prennent en se fondant sur ceux-ci.

Dans le cadre d'un audit réalisé conformément à la Loi du 23 juillet 2016 et aux ISA telles qu'adoptées pour le Luxembourg par la CSSF, nous exerçons notre jugement professionnel et faisons preuve d'esprit critique tout au long de cet audit. En outre:

- nous identifions et évaluons les risques que les états financiers comportent des anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs, concevons et mettons en œuvre des procédures d'audit en réponse à ces risques, et réunissons des éléments probants suffisants et appropriés pour fonder notre opinion. Le risque de non-détection d'une anomalie significative résultant d'une fraude est plus élevé que celui d'une anomalie significative résultant d'une erreur, car la fraude peut impliquer la collusion, la falsification, les omissions volontaires, les fausses déclarations ou le contournement du contrôle interne ;
- nous acquérons une compréhension des éléments du contrôle interne pertinents pour l'audit afin de concevoir des procédures d'audit appropriées aux circonstances et non dans le but d'exprimer une opinion sur l'efficacité du contrôle interne du Fonds ;
- nous apprécions le caractère approprié des méthodes comptables retenues et le caractère raisonnable des estimations comptables faites par le Conseil d'Administration du Fonds, de même que les informations y afférentes fournies par ce dernier ;
- nous tirons une conclusion quant au caractère approprié de l'utilisation par le Conseil d'Administration du Fonds du principe comptable de continuité d'exploitation et, selon les éléments probants obtenus, quant à l'existence ou non d'une incertitude significative liée à des événements ou situations susceptibles de jeter un doute important sur la capacité du Fonds à poursuivre son exploitation. Si nous concluons à l'existence d'une incertitude significative, nous sommes tenus d'attirer l'attention des lecteurs de notre rapport sur les informations fournies dans les états financiers au sujet de cette incertitude ou, si ces informations ne sont pas adéquates, d'exprimer une opinion modifiée. Nos conclusions s'appuient sur les éléments probants obtenus jusqu'à la date de notre rapport. Des événements ou situations futurs pourraient par ailleurs amener le Fonds (à l'exception du compartiment Amundi MSCI World ESG Leaders Select, pour lequel une décision de liquidation a été prise) à cesser son exploitation ;
- nous évaluons la présentation d'ensemble, la forme et le contenu des états financiers, y compris les informations fournies dans les notes, et apprécions si les états financiers représentent les opérations et événements sous-jacents d'une manière propre à donner une image fidèle.

Nous communiquons aux responsables du gouvernement d'entreprise notamment l'étendue et le calendrier prévu des travaux d'audit et nos constatations importantes, y compris toute déficience importante du contrôle interne que nous aurions relevée au cours de notre audit.

Nous fournissons également aux entités en charge de la gouvernance une déclaration selon laquelle nous nous conformons aux règles éthiques en vigueur en matière d'indépendance et nous leur faisons part de l'ensemble des relations et autres points à mettre en avant raisonnablement par rapport à notre indépendance, ainsi que les actions conduites, le cas échéant, pour éliminer les menaces ou accroître la sécurité.

Par rapport aux points communiqués à ceux en charge de la gouvernance, nous déterminons ceux qui ont été les plus significatifs dans l'audit des états financiers de la période considérée et qui constituent donc les points d'audit majeurs. Nous décrivons ces points dans notre rapport d'audit sauf s'il est interdit par la loi ou la réglementation en vigueur de les divulguer.

Rapport sur les autres obligations légales et réglementaires

Nous avons été nommés Réviseur d'entreprises agréé du Fonds par l'assemblée générale des actionnaires tenue le 27 janvier 2023 et la durée de notre engagement ininterrompu, y compris les renouvellements ou reconductions antérieurs, est de trois ans.
